Rheumatism Can Be Cured

MORPHINE is no longer necessary in the

I suffered with Sciatica Rheumatism and was
under the doctors' care a long time. The only
relief I had was when morphine was injected.

PHOR COMPOUND, and within 48 hours I be-
gan to feel better. In a few days I was able
to resume my duties as a fireman. I am pleas-

COMPOUND, and will answer any inquiries re-
garding the same.

Yours very truly,

Church Notes.

The observance of Children's Day,
Sunday, June 11th, at the Free Baptist
church was a success throughout. The
church was beautifully decorated with
flowers and potted plants. Great praise
is due the flower committee. The pas-
tor, Miss Gertrude L. Sawyer, presented
a strong, helpful sermon to the children,
using for her text, "Take us, the foxes,
the little foxes that spoil the vines, for
our vines have tender grapes." Miss
Sawyer used for the object lesson to
illustrate the foxes that come into the
child's life—battered, cigarette, novels,
self sufficiency, whiskey bottle, oaths,
slang, etc. The music by the chorus
and quartette under the direction of Mr.
Pratt was deserving of much praise.
The solo, "The Holy City," sung by Mr.
Lorenzen was finely rendered and greatly
appreciated. The concert in the evening
was largely attended and the children
should be given much praise. Miss
Camp was the soloist for the evening.

An entertainment and instructive lec-
ture on hymnology with song illustra-
tions of the favorite hymn writers, by
Howard E. Pratt of San Francisco, Cal.,
assisted by a quartette and chorus was
given at the Free Baptist church,
Wednesday evening, June 21, at 8 o'clock.

We Do Have a Post Office.

E. G. Schwartz, Engineer-in-chief, U. S. R. C. S., who has been at the head of the post for the past three weeks, has received this communication from the Army and Navy Register at Washington, D. C., which reads in part:—"Your communication from Baltimore, Md., which was received directing that the Army and Navy Register be sent to Norway, Oxford County, Me., was corrected by us to read Norway Lake, Oxford County, Me., because there is no such post office in the State of Norway. A copy was mailed in the regular course of business and at the regular time properly addressed to Norway Lake."

Evidently this is a case of tail wagging. As Josh Billings once said, "It is better to know a few things than so many things that are not so."

Norway feels that the official organ of the Army and Navy should hear from us. We pride ourselves on our military record. We are within a few miles of the birthplace of Banister Hamers, a man still so well known that it is unnecessary to give his titles with his name. A native of Norway was the first man to die from wounds received in the Civil War. A battalion was organized in Norway as early as 1795. The first military company was organized in Norway in 1800, and for one hundred and twelve years Norway has had a military company, and, please God, may she have one for the next century. Her company has been among the first to offer their services to their country's needs, in 1812, the Aroostook, the Civil War and the Spanish War. And best of all, her men have either died or stuck to the finish of the war. We are very near the banner town for enlisted men for their number of voters in our Civil War.

We are little, Oh, Army and Navy Register, The United States Military Gazette, but we have a military record that anti-dates the Revolution, and we have a post office. It is a Presidential post office, just simply named Norway. Not very large but large enough for our town. There is also a worthy suburban office at Norway Lake.

NORWAY AND VICINITY

Saves Child From Auto Wheels.

Mrs. May A. Brown of Lyon, Mass., wife of O. W. Brown formerly of Norway, made a plucky rescue of Wilfred Harris, aged three, and one-half years, from being run over by an automobile. The boy was standing on the sidewalk, and just as an automobile passed he ran out into the street.

The front wheels just missed him and he fell down between them and the rear ones. Mrs. Brown was standing close by him when he ran into the street, and seeing his danger she rushed after him, and catching him by his clothing pulled him to a place of safety just as the machine passed over where he had been lying.

Several witnesses of the rescue complimented Mrs. Brown on her quick action, as she carried the boy to the sidewalk, and into his father's tailor shop close by. But for her prompt rescue, the boy would have been seriously hurt, as the chauffeur had no time to stop on account of the boy jumping from the sidewalk directly at the machine.

He leaves four daughters, Mrs. Georgia Wheeler of Marlboro, Mass., Mrs. Mary Harwood, Kansas, Mrs. Fannie Cox, Norway, and Mrs. Florence Matherson, Marlboro. His wife died in 1897. Mr. Herriek was one of nine children and all are dead but two.

He was a carpenter and liked by all who knew him.

Thousands Have Kidney

Trouble and Never Suspect It.

How to Find Out.

Fill a bottle or common glass with your

water and let it stand twenty-four hours,

a brick dust, or other substance, or

ment, or string, or milky appearance often

indicates an unhealthy condition of the

kidneys; too frequent desire to

pass it or pain in the back are also

symptoms that tell you the kidneys and bladder are out of order

and need attention.

What To Do.

There is comfort in the knowledge so

often expressed, that Dr. Kilmer's

Swamp-Root, the great kidney remedy,

fulfills almost every wish in correcting

rheumatism, pain in the back, kidney

liver, bladder and every part of the urinary

passage. Corrects inability to hold water

and keeps the system in passing it, or bad

effects following use of liquor, wine or

beer, and overcomes that unpleasant

necessity of being compelled to go often

through the day, and to get up many

times during the night. The mild and

immediate effect of Swamp-Root is

soon realized. It stands the highest

because of its remarkable

health restoring prop-

erties. If you need a

medicine you should

have the best. Sold by

druggists in fifty-cent

and one-dollar sizes.

You may have a sample bottle sent free

by mail. Address Dr. Kilmer & Co., Bing-

hamton, N. Y. Mention this paper and

remember the name, Dr. Kilmer's Swamp-

Root, and the address, Binghamton,

N. Y., on every bottle.

WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how wise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief. He finally sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my recovery to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it lit in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky-bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc. Dealers everywhere; or write for descriptive circular to the nearest agency of the

40th Anniversary.

On Stearns Hill, June 10th, was celebrated the 40th anniversary of the marriage of Mr. and Mrs. George F. Robinson. The party was held at the home of their daughter, Mrs. G. L. Curtis, and the plans were kept a surprise until Mr. Robinson spoke of attending the circus at Lewiston on that day, but he had only a slight hint of what was to be.

It was a surprise to Mrs. Robinson and after the guests began to arrive she was telephoned for to come to help entertain people from out of town. Then the people kept coming from all around.

The relatives from away were Mr. and Mrs. Clayton Lovejoy of Oxford; Mr. and Mrs. Burgess, Penn; Will Robinson and daughter, Locke's Mills; Emma Smith, Bethel; Mr. and Mrs. Archie Jodrie, Mrs. Mark Peabody and son, all of Milan, N. Friends from Rumford were Mrs. Charles Layman and daughter, Iola.

A picnic supper was enjoyed out of doors, about sixty relatives being at the table. In the evening the neighbors and other friends filled the house and lawn, which was decorated with Japanese lanterns.

Ice cream, cake, candy, bananas and cigars were served to 100 or more guests. One of the attractions was the large number of pretty babies present. Another attraction was the table spread with the many and beautiful presents consisting of a silver service from relatives of both Mr. and Mrs. Robinson, a large parlor lamp from the neighbors and friends, besides silver, glass, china, money, linen, etc.

The little daughter of Mr. and Mrs. Charlie Connor was the great great niece of Mr. Robinson.

CHICAGO MERCHANT MAKES STATEMENT.

After Spending Thousands of Dollars and Consulting the Most Eminent Physicians, He Was Desperate.

CHICAGO, ILLS.—Mr. J. G. Becker, of 134 Van Buren St., a well-known wholesale dry goods dealer, states as follows:

"I have had catarrh for more than thirty years. Have tried everything on earth and spent thousands of dollars for other medicines and with physicians, without getting any lasting relief, and can say to you that I have found Peruna the only remedy that has cured me permanently."

"Peruna has also cured my wife of catarrh. She always keeps it in the house for an attack of cold, which it invariably cures in a very short time."

H. L. Steinfeld of Rumford has assigned to Chas. Israelson, through the law firm of Babes & Parker.

Quick Relief for Biliousness.

The sufferer from this distressing complaint is only too familiar with all its disturbing symptoms—loss of appetite, headache, dizziness, nausea and vomiting, oftentimes meaning prostration for two or three days and the consequent loss of time from regular duties. Such attacks vary in frequency and duration with different individuals, but there is really no occasion for them to occur at all. That old reliable household medicine "L. F." Atwood's Bitters, taken in teaspoonful doses, morning and night, rarely fails to wholly prevent an attack of sick headache or biliousness. If this preventive measure has not been adopted, a despondent when the first symptoms appear, will almost invariably ward off a severe attack. It may be obtained in large bottles, of any dealer, for thirty-five cents, or sample free for the asking. L. F. Medicine Co., Portland, Maine.

Favorite with Excursionists.
A notable craft among motor boats of the Lake Thompson fleet is the Etta R., which is a favorite among excursionists. Her captain, Rev. S. G. Eaton, the pastor of the Congregational church, late of East Sumner.

The Etta R. is 25 feet long over all, 7 ft. 4 in. beam, draws 22 inches, is a day cruiser and weighs about 2000 lbs. all equipped. She has a runny cockpit aft, a thwart seat in aft end. Forward of cockpit is engine room fully equipped with a 6 to 8 horse-power Gray motor which turns a 16 by 18 Bryant & Berry speed propeller, driving her about 8 or 9 miles an hour. Forward of engine room is a large cabin with drop-sash windows, with upholstered seats. Interior of cabin is finished in Southern pine coated with hard oil finish. Forward of cabin is a small cockpit with canopy top in which is placed the steering wheel. The passenger capacity is safely twenty.

This fine specimen of motor pleasure boat was built at East Sumner last year and was transported to Oxford, on sled in February last. It is Mr. Eaton's first sample of boat construction and her workmanship and perfect performance at the water reflect much credit on the owner.

On Monday afternoon by invitation of Mr. Eaton a small party of friends enjoyed an excursion up the lake on the Etta R. The party consisted of Mrs. Ella N. Eaton, Mrs. Lura Turner, Mrs. Louisa Richmond and Misses Carr, Muchmore and Brown, three students at Wellesley college, visitors of Mrs. Carr of Boston, who has her summer home in Waterford.

The first part of the sailing route is for nearly a mile over a very devious channel, but skipper Eaton proved himself a skillful pilot, and won the confidence and regard of his guests by his kind attentions.

On the up lake voyage the elegant bungalows and cottages upon the eastern shore attracted the admiration of every one. They are located in the following order: Mr. Farris, Walter Holden, Arthur Record, Joseph Jacques, cottages; lovely summer home of Mrs. Matherson of New Jersey; Charles Parrott, The Pines; Wilder's "Pinehurst"; Walter A. Wood, cottage; Leander E. Wardwell, Camp Kohort; a Jewish Boy's School, consisting of a large building finely located in a wide field, with 25 tents for the accommodation of 100 boys and moored along the shore one large motor boat and numerous small boats.

Our trip continued thence onward to the south by Meguire's Island, skirting the western shore, on which are situated the cottage and barn, which is the summer home of Joseph Parrott of Florida.

A distinguished engineer and superintendent of the construction of the Florida East Coast Railway across the Keys to its terminus at Key West.

Within two miles of the head of the lake we counter sailed on the home bound side of the lake, touching on the easterly side of the island for a few minutes to refresh our thirsty palates by a cool drink of water from the deep well near the cottage. Thence we embarked and sped homeward, reaching the Oxford landing at half past 4 o'clock.
